

Job description

We Are Looking for a Life Cycle Assessment verification specialist and Environmental Product Declarations expert

We are seeking a specialist to verify the accuracy of life cycle assessments (LCA) and environmental product declarations (EPD) conducted by manufacturers mainly in the construction sector. You will join an efficient and motivated team in a flexible and friendly work environment.

Innovative and Rapidly Growing Program Operator

EPD Hub is one of the world's leading program operators and a member of the Eco-Platform. We work with pre-verified tools that ensure a consistently high-quality standard. Our innovative and fully digital platform is used in more than 50 countries and is experiencing rapid growth. We are helping over 500 manufacturers to verify their EPDs and CFPs quickly and transparently.

This is a permanent, remote, full-time position. The workplace is flexible but must be agreed upon based on the time zones you will support.

Responsibilities

- Verification of EPD projects against selected standards.
- Provide clients with written feedback on issues and required corrections.
- Contributes to the development of automation tools for verification checks.
- Write and contribute to guidance articles published for users.
- Identify platform improvements and submit them to product management.

Requirements

- Expertise in LCAs for construction or electronic products, EPDs, or carbon footprint projects (minimum 5 years).
- Familiarity with international LCA standards (EN15804, ISO21930, EN50693).
- Strong attention to detail and diligence.
- Fast learning skills and a desire for continuous improvement.
- Excellent communication skills, especially in writing.
- A degree or experience in environmental or construction engineering, LCA, or a related field is an advantage.
- Experience in verification work is an advantage.
- Proficiency in English.

Why Join Us?

- Work that contributes to a more sustainable future.
- Great autonomy, flexible hours, and remote work support.
- Technical challenges, significant responsibilities, and the opportunity to see the impact of your work.
- A dynamic, diverse, friendly, and motivated team.
- Competitive salary, bonuses, team events, and company activities.

Applications are reviewed as they are received, so we encourage you to apply as soon as possible.

To apply, please send your CV and cover letter by email to hub@epdhub.com.
